RECITALS

WHEREAS, SAP licenses its proprietary **SAP Web Application Server** ("Software") including the related SAP interfaces to third parties for use in their business operations ("SAP Licensees").

WHEREAS, Vendor desires to work with SAP and to make commercially available to present and future SAP Licensees, Vendor's proprietary software system ("Third-Party Software Product") as well as certain interface software ("Interface Software") to allow the Software to be used with Third-Party Software Product.

WHEREAS, Vendor desires to develop and maintain the Interface Software for use with the Third-Party Software Product to enable the Third-Party Software Product to be utilized in conjunction with the Software and related SAP Interface.

NOW THEREFORE, in reliance upon the foregoing recitals, intending to be legally bound, and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Vendor and SAP agree as follows:

1. Definitions

As used in this Agreement

- 1.1 Software. Software shall mean the **SAP Web Application Server** solution, whether in source or object code format, as may be improved or otherwise modified from time to time. Software shall also be deemed to include the Program Concepts and the SAP Interface.
- 1.2 SAP Interface. The released interfaces developed by SAP in the Software which, when activated, will give SAP Licensees the ability to gain access via the Interface Software to the Third-Party Software Product.
- 1.3 Third-Party Software Product. Third-Party Software Product shall mean:
